FASTER ELECTRIC

South Side Union Station

ted 353 electric and 24 steam suburan trains.

The schedule for next Monday calls
or 467 electric and six steam trains.
This arrangement will continue probbly until Sept. 26. Then new motors
will be available to make all trains
electric. The six steam trains will be
perated during the middle of the day,
with two or three exceptions.

This 413 trains exceeds by 11 more
the number announced two months
ago. Four of them are early morning
trains to get night workers out to
their homes in the South Shore district. The others among the 11 will
give additional daytime service.

The main feature of the new "electric" schedule is the substitution of
special for express trains, and parcicularly during the middle of the day.

Long Run Speed Increased.

"Compared with the present express
trains," Mr. Markham said, "the running time to and from Randolph street
will be reduced from one hour and 20
minutes to 53 minutes in the case of
Matteson trains; and from 40 to 34 minutes on South Chicago trains.

Between 7:30 and 2:36 o'clock in the

Newark, today refused to act on the application of defense counsel in the Hall-Mills murder case to release Willile Stevens and Henry De La Bruyers Carpender on bail. They are now in Somerset county jail charged with the slaying of the Rev. Edward Wheeler Hall of New Brunswick and Mrs. Eleanor R. Mills fours years ago.

The chief justice, who had admitted Mrs. Frances Stevens Hall, widow of the dead rector, who is accused of the same crime, to \$15,000 bail, declined to take action as to her brother and cousin. He referred the matter to Justice Charles W. Parker, who has jurisdiction in Somerset county, where the crime was committed.

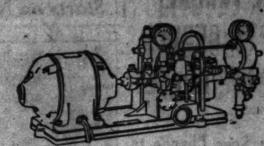

Although Justice Parker is now on recettive in Meine Justice framewas.

While he considered it a fake, the possibility remains, he said, that it was written recently by some one on the

The new excerpts read:

The last full week of the August Furniture Sale!

But there's a great variety of furniture for tardy home furnishers. In many cases, however, there is only one of a kind of these clearance pieces. The Furniture Floor, the Eighth

sted street and speculated as to whether Michael Blando, shot to death in his automobile Sunday night, might not have been killed as a bootlegger. Blando's widow, Caroline, 23, gave her theory to the police yesterday. The clews, as she gave them to Sergt. James Euston of Marquette police station, lead back to the little town of Moundville, Mo., and to an-

other killing.

Through an interpreter, when the words got too hard, and her sobs so frequent, Mrs. Blando told officials that she and her husband, whose right name she insists was Joseph Del Buano and three of his brothers lived at Arna, Mo., until about three years ago.

Auto Crash, Shooting, Flight. "Then, one night," the middle ma pieces together, the Italian-American syllables, "Joe and his brothers have n auto collision with another fellow at Moundville, right near home. There was a fight. My husband had a gun

the investigation. The other two were caught, tried and given penitentiary sentences.

"For a long time I didn't know where my man was," the young woman explained.

"Then one day I find he is in the grocery business in Chicago, and that he has taken the name of Michael Blando. So I came to him."

It is the widow's theory that the brothers, angry at Michael's refusal to give money to aid them in their legal batties, may have ordered his killing, or that relatives of the man killed in the fight may have sent word to Chicago to have the fugitive killed.

Brothers in Killing.

The Nowlin machine was forced into a ditch by the car in which the Del Buanos were riding.

Two of the brothers are in the Missouri penitentiary at Jefferson City on conviction for second degree murder as a result of the shooting of Nowlin. Carl was sentenced for 15 years and Frank for 10 years. Both are now other brothers, sang have cordered his killing, or that relatives of the man killed in the fight may have sent word to Chicago to have the fugitive killed.

Stapling Machines For Every Business Need

Aids Lawless

Acme Stapling Machines Quicker to Use Than Pins or Clips

A staple at the top of related correspondence is a sign of security. Most business offices need more of these handy time-savers. Every desk in your office handling more than the most meager correspondence should be equipped with an Acme stapler. Req less time to use than ordinary pins or clips and Related Correspondence or Papers of any Nature Acme Stapled Stay Fastened Together. Made for Many Uses

We carry in stock a complete assortment, five separate models, of ACME STAPLING MACHINES. They are self-feeding, 100 staples fit into the magazine at a time. Staples range in capacity from the simple little Acme Simplex, shown above, which staples securely from two to thirty sheets, to larger models which bind up to sixty sheets or fabric 1/4 inch thick. All have the famous Acme Anti-Clogging Spring which prevents the machine from becoming found through abuse or inexperience. All have the Acme adjustment stop. It is used.

Acme Stapling Machines may be used not only for some

stapling an equal distance from the edges of anything on which it is used.

Acme Stapling Machines may be used not only for correspondence but for binding written or machine duplicated sales manuals, stock lists, legal papers, sales reports, samples, specifications or even making memo pads of discarded stationery.

Cost Little—Do Much

And the cost is surprisingly small. The Acme Simplex sells for only \$2.70 complete. Other models as high as \$7.65. Horder, has them all. Also all needed supplies. Staples of all sizes, boxed separately 5000 in a box, cost as little as 23 cents per thousand. Acme Stapling Machines will eliminate many anxious minutes in your office and save your filing department and executives much time now wasted.

We will gladly give you the benefit of our experience in selecting exactly the machines best suited to your needs. Ask at any of Horder's Eleven Loop Stores or phone.

who gives his Fored an even break is America's most satisfied car owner

> T is as true today as it was ten, years ago that the Ford is the lowest-priced motor car in the world, and at the same time one of the most efficient and longest-lived. Properly cared for it is invariably the most economical car to operate, and there are millions of them proving it every day. That's why we say that the man who gives his Ford an even break is America's most satisfied motor car owner. He travels at less cost than any other car-owner, can go as far as any other car-owner can and sometimes farther, and can do it with greater mental ease. If he needs service he is never very far from it, pays less for it, and usually gets it quicker You don't have to be a Ford owner to know these things are so, but you do have to be to enjoy them.

SEND WEATHER
MAPS BY RADIO;
PLAN SUCCESS

Washington, D. C., Aug. 23.—[Special.]—Tests of a new device for idiocasting weather maps and information jo ships at sea were produced completely successful this termoon after a complicated chart dicating atmospheric conditions all fer the country was broadcast from the navy's radio station at Arlington, a., and faithfully reproduced through receiving set in the weather bureau floes several miles away.

The tests were conducted by the inventor, C. Francis Jankins, in the presence of Charles F. Marvin, chief of the weather bureau, Commander William Glassford, acting chief of naval communications, and Capt. S. C. Hooper, of the engineering division of the navy.

The naval officers were enthusiastic over the device, declaring its discovery to be of inestimable value to navigators, and predicting that as soon as they can be produced in quantity, the comparatively simple contrivances will be quickly adopted by all radio equipped vessels.

equipped vessels.

Experiments are to be continued, for some time, according to Mr. Jenkin and within a week, the weather bures station at the University of Chicas will be equipped with one of the set to be used in testing the transmission and reception of weather maps owling distances and through unusuatmospheric conditions.

Acidophilus Milk

Brook Hill Laboratories

Would You Strike Ten Years from Your, Présent Age?

Why Acidophilus Milk Prolongs Life

Too small to be seen by the naked eye, the tiny Acidophilus plants grown in milk, possess the surprising power to displace the germs that cause food decay in the digestive tract.

These health-preserving, youth-prolonging, microscopie plants thus successfully combat the cause of one of the most persistent sources of internal poisoning. The countless germs that cause food decay cannot exist where Acidophilus holds the upper hand. Thus the poisonous products of putrefaction are no longer manufactured to be absorbed into the blood for transportation to every living cell of the body.

Perfect surroundings for the growth of these tiny Acidophilus plants are found in Certified Milk, the highest quality natural milk product of modern dairying. Certified Milk, when cultured with Acidophilus, produces a delightful health-sustaining food.

In a single bottle of Acidophilus milk are billions of growing Acidophilus plants, fresh as any vegetable just taken from a garden.

The value of the Acidophilus plant as a fearless enemy of internal poisoning has been conclusively proved by countless scientific tests. Thousands of specific cases of physical ailments have been so treated, and the results carefully observed.

Here is a quotation taken from a recent issue of "Chicago's Health," edited by Herman N. Bundesen, M. D., Commissioner, Chicago Department of Health:

"While the bacillus acidophilus is not held out as the 'fountain of youth,' or as a cure for all ills of man, nevertheless, if ten years can be added to life, free from pain and discomfort, then by all means let us give it a fair trial."

Replying, Maj. P. G. Kemp, chairman of the commission, told Director Mc-Cracken the progress already made in the plans for the Cicero field, the lighting facilities, runway plans, and gen-eral outlay Although the original plans

be finished inside of two years, a sav-ing in cost to the city of 30 per cent. George Donaghue, superintendent of the south park system, told the com-mission an island of 67 acres, formed from the general lake reclamation project being put through by the south parks just north of the Field museum, would provide an ideal location for the loop field and was already being considered as a landing field for those army fivers who may fiv to the Armyarmy flyers who may fly to the Army-

Navy game this fall. Chairman Kemp then read a letter signifying the cooperation of the Lincoln park commissioners, who suggest an island off Grace street for the north

OSE YOUR PIANO AS THE ARTISTS DO

The Art of the Greatest Pianists Reproduced With Perfect Fidelity

The invention of a clockmaker startled the world.

For the first time, the personal interpreta-tions of the world's great pianists are re-produced with such perfect fidelity that the artists themselves are amazed.

All the art and beauty with which the world's music has been enriched by de Pachmann, Paderewski, Bachaus, Giese-king and scores of others, live forever through the Baldwin Welte-Mignon.* Hear the Baldwin Welte-Mignon* and you, too, will marvel.

To all music lovers we extend a cordial invitation to come in and hear the playing of your favorite pianists—on the Baldwin.

Demonstration cheerfully given. Convenient terms and a generous allowance for your present piano.

A wonderful assortment of ent leather, smooth finish and the new cross grain, in red, blue, black, tan and brown. 50c

When the School Bell rings on Tuesday, September 7, many thousand Chicago youngsters will be on their way to school. There is always plenty for mothers to do in the Fall. Don't put off until September getting the clothes for the youngsters in readiness, Now is the time to look over Sonny's and Sister's wardrobe to see that they are all ready to start school with an ample supply of neat, attractive clothing.

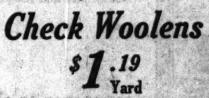

To help you prepare for the reopening of school The Davis Company is holding a School Sewing Sale, at which you may buy at reduced prices all the materials and "knick knacks" required to put the children's clothes in readiness. Select what you need from our ample displays. Sew now before the busy school days start.

All-Silk Washable | In Every Wardrobe-a Crepe de Chine

For Sister's party or Sunday dress you will choose this all-silk washable crepe de chine. You will also find it practical and inexpensive for teddys, coat linings and over blouses. It is 40 inches wide, guaranteed washable, and comes in a complete range of street and evening shades, including black and white.

Novelty Striped and

A plaid wool dress always has a place in a youngster's school wardrobe. Top it off with a linen collar and cuff set and a natty tie and presto-a frock that will drive all cares away. These 36 and 40 inch novelty woolens come in all the new wanted colors for Fall.

McCoy's Lab, New York City.

Direct from your train to the "HEART OF NEW YORK CITY" via New Motor Coach Service

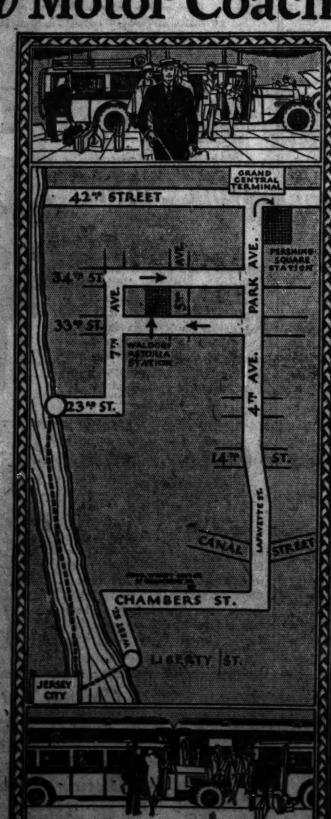

Beginning August 29th

WHEN you travel on the Baltimore & Ohio to New York your railroad ticket now takes you right to the heart of New York's activities—without extra charge and with-out the usual confusion and annoyance.

A fleet of commodious motor coaches operates direct from the trains in the Jersey City Terminal. All you need to do is to step aboard the coach and it takes you and your hand baggage to the uptown business, shopping and hotel districts, convenient to surface and subway lines.

Completely equipped coach stations are located in the Pershing Square Building, on 42nd Street, just east of Park Avenue and opposite the Grand Central Station. Also in the Waldorf-Astoria Hotel, on the 33rd Street side, corner of Astor Court. These stations are equipped with ticket offices, parcel checking facilities, Women's rest rooms and porter service. rest rooms and porter service.

This is a new way to reach your real destination and, in addition, it provides a feature of in-

Let Us Polish Your Floor FREE!

Our recent offer to residents of Chicago to polish any floor in the home without charge or obligation has proved so popular that we have decided to extend it.

Mail the coupon at once for this free service. It will not cost you a cent, not even for materials.

This offer is for waxing and polishing only. It does not include refinishing the floor. Ninety-five per cent of the polished floors are not regularly waxed and polished. As a result, they deteriorate and require frequent refinishing at great expense.

The FINNELL Electric Floor Machine saves all this. It makes regular waxing and polishing easy, besides producing a more lustrous and more lasting polish than any other method.

The FINNELL applies wax mechanically, and requires only one-fourth the amount of wax used by hand. It rubs the wax in, leaving a hard, non-slip surface free from surplus wax and easy to dust.

Moreover, the same machine will scrub-cleaner than any other method. And when

floors need refinishing, the FINNELL will remove the old varnish, sand the floor, and then apply fresh wax.

Free Booklets and Demonstration Send coupon for free booklet-"Beautiful Floors the Electric Way." If you are a business man and want facts about the larger FINNELLS for your business floors, check coupon for "Your Questions Answered by Users." And if you live in Chicago, be sure to check offer to polish one of the rooms in your home absolutely free

Artillery Hikes from Sparta.

After three months' training at Camp Sparta. Wis., the 14th field artillery, the enly bastalion of field artillery of the regular army in the Sixth Corps sea, is now on a march back from the camp to Fort Sheridan, which will take them fourteen days. Yesterday the command reached Wenewec, Wis., the second leg of the march. For a month, beginning May 20, last, the battalion engaged in its own summer target practice and range work, the devoted the remainder of the summer to instructing R. O. T. C. units, M. T. C. units and reserve officers. On the march back to Fort Sheridan to 14th will cover 250 miles, making from 17 to 25 miles in the daily arches. Camp halts are to be made at Abelman, Sauk City, Madison, Louw. Whitewater, Elkhorn, Bassett, wa. and Gray Lake, Ill.

T WAS with full appreciation of the social responsibilities of those who will occupy Chicago's finest apartments, that the builders of 1320 North State Street selected its location convenient to all the better social life of the city and in a permanently desirable neighborhood.

The same care expressed in the selection of the location is reflected in the layout of the various apartments, where special attention has been given to facilities for entertaining; in the construction of the building, and in the working out of the plan of 100 percent co-operative owner-ship under which the building will be sold and occupied.

You will like every feature of this "last word" in apartment homes. You will want to see it when you learn that you can live in one of these delightful apartments at a permanent saving of about 30 percent in your normal rental; that you will be surrounded by socially acceptable neigh-bors; that your wishes will be respected in matters of management; that you can decorate and arrange your apartment to suit your own tastes, and that you will enjoy service that leaves nothing to be desired.

WOMEN BATTLE TO KEEP BRITISH MINES CLOSED

Captivating

Girls whose beauty captivates the imagination and holds admiration everywhere they go, usually have peach-blow complexion, fike that of Miss Mildred Campbell, of 1811 Atlantic Ave., Brooklyn, New York. She says: "It was hard for me to find a face powder which tones in with my skin in texture and color, but Black and White Face Powder is simply perfect! By mixing two tints I get a shade exactly harmonizing with my type, and this lovely powder is so hine and soft, it seems like part of my complexion."

Whatever your type, you can get the tint most flatteringly becoming to you in the exquisitely textured Black and White Face Powder, which dealers everywhere are recommending and selling at 25c a package.

Il year dealer doesn't have the nack and white Beauty Creations on want, send his name to Plough, Isamphis, Tenn, and you will revive free a cony of the Birthday and Dream Book, containing many investing facts on heauty, dreams of fortune telling.

THERE'S a range of sizes -four of them-in Nuway, an Automatic Oil Burner, that enables you to select the burner of proper capacity for your home. Then, when your Nu-way is

installed the fire control will be so set that the burner can not introduce the atomized oil into the fire pot in a quantity greater than the capacity of your furnace to burn it perfectly and at the most economical rate.

This means that careless or inexperienced persons can not open the fire control beyond the point at which your heating plant operates at maximum efficiency and economy.

This little protection device is but one of several that characterize Nu-way Oil Burners and yet Nu-way is the simplesthas the fewest parts-of the burners that embody the four fundamental laws governing the perfect combustion of oil.

More Protection

A timed ignition system is one of the important protection devices on Nu-way. This ignition? system is started by a thermostat in your living room. Two things must happen in per-

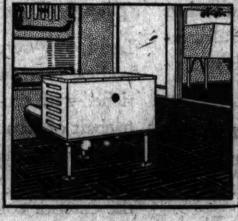

fectly timed sequence. First the ignition system is turned on and then-some seconds later—the burner starts to discharge air and atomized oil into the fire box. This is the only method that insures correct lighting at all times. It prevents "back-fire" with its startling noise and annoyance.

Another device in the smoke pipe shuts off the burner at once, should anything interfere with the fire in the heating plant.

nother device makes it impossible for oil to overflow on to the basement floor. It, too, cuts off the oil supply if anything interferes with the proper functioning of the burner.

Nationally Known Accessories

These automatic controls, protective devices and other special accessories are made by nationally known specialty manufacturers. Thus, in Nu-way, you get a burner with a multiple reputation. The fuel feed is by Stromberg, the automatic controls by Honeywell, the ignition system by Webster, the motor by Emerson and the fan-Sirocco type-by American Blower Company.

DeLuxe Finish

With a Nu-way in the DeLuxe Finish-porcelain enamel in Dutch Blue or Ivory—you can furnish your basement as handsomely as you wish without one single jarring note. The De Luxe Finish is optional and is some higher in cost.

Liberal Payment

The resources of the company enable it to offer a liberal payment plan to Nu-way purchasers. You can pay as you enjoy the comfort, convenience and healthfulness of clean, even Nuway heat. Send the coupon for complete information about Nu-way and our finance plan. Better still, see Nu-way in operation at the dealer's nearest you. But send the coupon, now.

STUDEBAKER'S New Custom Sedans

—selling faster than our big One-Profit plants can make them

New motor cars with a new idea and an old name behind them—colorful creations of custom design whose beauty is sweeping the country.

In the first thirty days these new custom cars more than doubled the sales of Studebaker Sedans for any previous month.

These Custom Sedans were inspired by the Studebaker Permanent Salon, in the Rose Room of the Hotel Plaza, New York. They sprang from the creative brain and handicraft of master designers of custom cars.

The Victory of One-Profit Value

In five short days over half a million people flowed in and out of Studebaker sales rooms all over the United States to see these new Custom Sedans—and their vote and verdict were as one... here, at last, is custom car luxury without custom car cost—here, at last, is the final custom beauty of contour, color and complete appointments at a price only Studebaker One-Profit facilities could make possible! For their prices (including the equipment listed at the left) are Custom Sedan, \$13.85; Custom Brougham, \$19.85; The President, \$22.45.

The Custom Charm of a Custom Total

Long, low-swung cars with full-vision steel bodies, lustrous with duotone lacquer, enriched with pin-striping. Interiors in fine Chase mohair or broadcloth, with broadlace trim. Instrument board and garnish moldings lacquered to harmonize with the upholstery and with the exterior colors.

Ventilation-Studebaker Exclusively

A ventilating windshield of patented design, admits fresh air without drafts or moisture, even in a rain-storm.

On the radiator is the silvered figure of Atalanta in flight from her suitors, symbolizing the futility of pursuit.

Let Comparison Point the Way

—point for point, feature for feature, inside and out—Studebaker asks you to compare each of these sedans with any other car within a thousand dollars of its price—asks you to compare appearance, performance and equipment!

-see them now and know what is new in motordom!

The same Studebaker stamina and excess power

THESE new Custom Sedges retain all the sturdy meritofother Studebaker cars. Under the hood of each is the mighty Studebaker L-head motor, long noted for a smooth, vibrationless flow of power which either makers are

Studebaker was a pioneer of the L-head design—today the accepted standard, specified by 70% of American manufacturers. The largest manufacturers of other types of engines have resorted to L-head design for all the new care they have introduced during recent

To the inherent advantages of L-head design, Studebaker adds a fully machined, dynamically balanced crankshaft. The \$600,000 spent annually building balance into crankshafts results in amouthness which cannot be duplicated by ledited on counter weights and balance.

That award design has been begreened in ferent parterials and workmanship, is present by long lists of Statististics with records of from 100,000 to 300,000 mins — proved by the fact that the Spanish for factory actions by \$10 worth of repeir parts per car in me per year—payers by factors of the fig. CUSHIONED-IN-RUBBER

The DeLuxe Brougham Sedan

except spare tire

Distinctly European in its regal beauty, essentially American in its dashing performance, this great new Kissel ranks high among America's finest motor cars. All units cushioned-in-rubber for 100,000 miles and more. New wheelbase, new flat fenders, new Straight Line Drive. Chase Velmo upholstery. Marshall springs. Form-fitting seats. New colors. New Duco finish. The value of all values.

HARRY P. BRANSTETTER, Inc.

"Can he afford it?" -an important question

OW carefully do you study the advertisements you read? How far do you go beneath the surface when an advertiser says "the best in the world"—"the greatest value obtainable?"

Here's a simple and infallible rule that can be applied to all advertisements—but to cigar advertisements in particular. Can the manufacturer afford to give me this value? That is all. For if he cannot afford to give you the best, he must either pad the cigars with inferior tobacco-or go out of

That the General Cigar Company can afford to give you the best is proven by the continued success of the popular Rob! Burns. More than a hundred and forty millions are purchased each year, thus building such enormous resources that its makers can afford to use full Havana filler (recognized as the highest type of tobacco), from the best Cuban crops and sell the cigars to you at but a fraction of a cent profit.

You'll find this incompar able value in a size and shape to suit your pocketbook and taster in the graceful Panatela at 10 cents, the generous Staples at 10 cents, the popular Invincible at 15 cents or the new foilwrapped Perfecto Grande, at 2 for 25 cents.

Progress backed by service! This is the new symbol of the Standard Oil Company (Indiana), chosen as the official trade-mark of the Company for all its products.

The trade-mark and the symbol are new -but the creed they express is old.

To supply the petroleum needs of the people of the Middle West with exact knowledge and high skill—to offer an ever better and ever greater service to the in-dividual and the community. This is, and has been, the constant ideal of the Standard Oil Company (Indiana) since its foundation.

This ideal has permitted no wavering of faith or loyalty or toil, and has allowed no smug satisfaction with success already achieved. Each improvement has been but a stepping stone to the next.

The torch of progress backed by service symbolizes this ideal, representing its past achievement, promising its future

The never ceasing efforts of a Board of Directors of 10 men who devote their entire time to the affairs of this Company and to no other-the capital of 50,000 stockholders—the daily efforts of 29,000 employes-are behind this symbol. The products of the Standard Oil Company (Indiana) have won their reputation for dependability and superior quality through sheer merit.

Throughout the length and breadth of the Middle West the torch of service flames its message—a message that is directed to each of the thirty million people in this vast territory—a message that is meant for you.

Through the years the Standard Oil Company (Indiana) has held aloft the torch of progress and backed it by unfaltering

In the years to come, this Company may be depended upon to keep it ever in the fore. This trademark is a symbol and a

The Monument to a Century of Service

Towering skyward, story on story, the Canal Bank's new home occupies a half-square in the heart of New Orleans' financial district—a fitting monument to past accomplishments; a promise of continued resourcefulness; a symbol of permanent stability.

While the Canal Bank has grown tremendously, it has not outgrown personal contact with its customers—nor will it.

The surroundings and banking-room conveniences alone will change—this Bank, now as in the past, offers complete financial facilities, and an interested service, to sound business enterprises.

New Issue

\$1,500,000 Amalgamated Phosphate Company

(Subsidiary of American Cyanamid Company)

First (Closed) Mortgage Sinking Fund 6% Gold Bonds To be dated as of August 2, 1926 To mature August 1, 1936

Coupon Bonds in denominations of \$1,000 each, registerable as to principal only. Interest payable February 1 and August 1, without deduction for normal Federal income tax not exceeding 2%. The Four Mills Tax in Pennsylvania will be reimbursed upon proper application. Redeemable as a whole or in part, at the option of the Company, on any interest payment date prior to maturity, upon thirty days' prior notice, at 104% if redeemed on or prior to August 1, 1928, the premium decreasing thereafter 16% for each full year clapsed after January 31, 1928, but in no case reducing the redeemption price to less than 100%%.

THE NATIONAL CITY BANK OF NEW YORK, Trustee

The American Cyanamid Company has entered into a fifteen year agreement with the Amalgamated Phosphate Company whereby the American Cyanamid Company will purchase the entire output of the Amalgamated Phosphate Company upon such terms and at such prices as will assure the Amalgamated Phosphate Company income adequate to meet all expenses, taxes, and interest and sinking fund charges on these Bonds. The minimum payments required by the sinking fund will be sufficient to retire this entire issue by maturity.

The following information has been summarized from a letter from Mr. J. O. Hammitt,

Vice President of the American Cyanamid Company:

The Amalgamated Phosphate Company, controlled through 100% stock ownership by the American Cyanamid Company, owns extensive phosphate rock properties in Florida, which rank among the foremost in the United States from the standpoint of annual production. Upon the transfer of certain adjacent properties from the American Cyanamid Company, the Amalgamated Phosphate Company will own and operate properties which Arthur D. Little, Inc., consulting engineers, report to contain over 8,000,000 tons of phosphate rock.

These Bonds will be secured, in the opinion of counsel, by a first mortgage upon all lands, buildings and equipment now owned or hereafter acquired by the Amalgamated Phosphate Company, including the properties to be acquired from the American Cyanamid Company.

The balance sheet of the Amalgamated Phosphate Company, as of June 30, 1926, adjusted to give effect to all transactions incident to this financing, shows net tangible assets of \$4,690,465, after deducting all liabilities except these Bonds. The property and equipment are car-

ried at \$3,619,539 after depreciation and deple-tion, as compared with the value of such prop-erty and equipment of \$5,080,645 as stated by Arthur D. Little, Inc.

The combined net earnings available for interest and Federal taxes, after liberal charges for depreciation and depletion, of the properties and investments of the Amalgamated Phosphate Company and the properties to be transferred by the American Cyanamid Company, have averaged \$260,947 per annum for the four years ended June 30, 1926, or about 2.9 times the maximum annual interest requirement of these Bonds.

The American Cyanamid Company is one of the largest producers of cyanamid in the world and the only producer in the western hemisphere. For the five years ended June 30, 1926, its average annual net income, available for dividends, has amounted to \$1,268,735, and for the year ended June 30, 1926 such net income amounted to \$1,488,386. It has no funded debt, and based on present quotations, the aggregate indicated market value of its Preferred and Common stocks is over \$15,000,000.

We offer these Bonds, if, as and when issued to and received by us, subject to the approval by our counsel. Price 98 and Interest, to Yield 6.27%

Payment of Principal and Interest Unconditionally Guaranteed by The Cuba Company by Endorsement

Mr. Herbert C. Lakin, President of the Company and of The Cube Company, summarises his letter to us as follows:

Properties: The Company owns two sugar mills located in Eastern Cube having a combined capacity of 1,000,000 bags of sugar annually. Substantially all the important sugar mills of Cube report their results to the Cube Sugar Club and of the 83 so reporting for the crop of 1925-26, the best manufacturing results were obtained by these two mills.

will be unconditionally guaranteed by The Cuba Company by endorsement on each Note. During the three years ended June 30, 1926, the consolidated net earnings of The Cuba Company and its subsidiary and affiliated companies exclusive of Compania Cubana, available for this guaranty, as certified by Haskins & Sells for 1925-26 and 1924-25, and as submitted by The Cuba Company for 1923-24 (after giving effect to the sale of 256,000 shares of Preferred Stock of the Consolidated Railroads of Cuba which have been offered by The Cuba Company to its Common stockholders, and after deducting all fixed charges of The Cuba Company have averaged \$2,966,580 a year. This is in addition to the net earnings of Compania Cubana.

The Cube Company: This Company owns all the capital stock of Companie Cubena and in addition not less than 40,000 shares of the Preferred Stock and Voting Stock Certificates representing not less than 94% of the Common Stock of the Consolidated Railroads of Cube which controls and operates over 80% of the entire railroad mileage in the Island of Cube cast of the City of Santa Clara. Its only funded debt is an issue of \$4,000,000 6% 50-Year Gold Debenture Bonds, due 1955.

Earnings: The average net earnings of Compania Cubana from the nine crops, 1918-1926 both inclusive, after depreciation and exclusive of the profits of the Land Department, available for Cuban Income Taxes and interest, have been \$1,140,141 or over 3% times the annual interest requirements on these Notes and the \$391,000 of outstanding purchase money mortgages, which will constitute the entire funded debt of the Company.

curify: Both the Company and The Cubs Company have agreed that while any of these Notes are outstanding they will not mortgage, pledge of otherwise encumber any of their properties, nor increase their present funded debt except by purchase money mortgages. Compania Cubans has further agreed that it will not pay any dividends which will reduce the ratio of current assets to current liabilities below 3 to 1. The Cubs Company has further agreed that it will not make any other guaranty, unless such guaranty is subordinate to the guaranty of these Notes.

aity: The net tangible assets of the Company available for these Notes, as shown on the balance sheet at June 30, 1926, adjusted to give effect to this financing and the changes in capitalization as planned, as certified by Haskins & Sells, are \$3,431 for each \$1,000 Note.

The accounts of Compania Cubana and The Cuba Company and its subsidiary efficient companies have been registred by Hankins & Sells or Price, Waterhouse & Company. We offer these Notes if, as and when send and received by us, subject to the approval of our counsel, O'Brien, Boardman, Fox & Early. It is exected that Definitive Notes will be ready for delivery on or about September 1, 1925.

(Under the same management as the Edgewater Beach Hotel Company, Chicago) First (Closed) Mortgage 61/2% Serial Gold Bonds

UNION TRUST COMPANY, CHICAGO, and RUFUS F. CHAPIN, Trustees

The Edgewater Gulf Hotel Company owns in fee a tract of approximately 138 acres of land fronting on the Gulf of Mexico, midway between the cities of Biloxi and Gulfport and about two hours by rail from New Orleans. Climatic conditions compare very favorably with other well known winter resorts and the location is more readily accessible from Chiesgo and other metropolitan centers of the Middle West. In summer the lower temperatures make it attractive to people from New Orleans and other nearby cities.

The First (Closed) Mortgage Bonds will be secured in the opinion of counsel, by a direct first mortgalien on all the land and fixed improvements of a Company.

GROW WITH THE TRIBUNE IN 1926

EXPERIENCE

LASTING and abiding confidence, enduring over a long period of years, must rest upon a solid foundation of fact and a proven record of achievement. Without such a proven record, even the most modest claim of an investment house becomes only empty promise.

One Business—One Purpose: For 44 years this old-line institution has confined itself exclusively to the underwriting and selling of high class real estate mortgage investments. The business was founded for this one purpose and has never deviated from it.

Three Wars—Four Panics: In 44 years, during which time this country has been tried by three wars, four financial panics and numerous agricultural and industrial depressions, Straus Investors and Borrowers alike have received cash for every dollar due them.

The Straus Plan: Such a record has not been built by chance; rather, it is the logical and orderly result of a definite system of safeguards, worked out by long experience in applying sound banking principles to the protection of invested funds. The Straus Plan is not fool-proof; its form has been widely imitated, but the substance can be successfully applied only by bankers of unquestioned integrity and mature judgment gained by long experience.

Slow, Natural Growth: S. W. STRAUS & Co. has attained its present position in the real estate bond business by a slow, natural growth over a period of 44 years. It today underwrites many times more real estate bonds than those underwritten by any other house.

No Compromise with Safety: Such volume of business has not been created at the expense of safety. It is generally recognized that the larger and more responsible realty borrowers come first to this House, and that naturally Straus underwritings represent the pick of the field. It is a statement of fact that for every loan application accepted by this House, scores are rejected.

Technical Experts: The Straus Record has been made possible, and is maintained by the largest technical staff known in the real estate mortgage field including among others, Loan, Legal, Architectural, Engineering, Survey, Credit and Economics Departments. Each has its specialized task in connection with any underwriting.

Financial Resources: This House has consolidated assets, East and West, in excess of \$96,000,000. Its capital, surplus and reserves for the operation of the business and to meet its liabilities, are in excess of \$21,000,000.

Our Customers: The tangible evidence of the confidence which investors have reposed in this House is found in the hundreds of thousands of customers upon our books. Included are hundreds of trustees, banks, insurance companies, schools, colleges and other institutions.

Such is the foundation of fact upon which public confidence in S. W. STRAUS & CO. is based. It is a real, a genuine confidence; a confidence measured by the hundreds of millions in first mortgage bonds this House has underwritten; a confidence tested by wars, panics and depressions, and a confidence proven by the Straus Record of Forty-four Years Without Loss to Any Investor.

burners here to Stay?

Are the 60,000 or more Chicagoans now using oil burning equipment thoroughly satisfied? Or have there been disappointments and if so what were the causes? Also how are you to judge the many various types of oil burners now on the market?

THE use of oil for domestic heating purposes is a comparatively new development and to many still in the experimental stages. Nevertheless there are now over 60,000 Chicago homes being heated by oil fuel and at least half of these systems have been in use from three to ten years. Consequently there is now a sufficient record of actual experiences to answer most of the questions which have been raised on the subject and we believe, ample facts on which to base predictions for the future of oil burners.

Are Oil Burners Safe?

One of the earliest questions regarding oil burners was, "Are they Safe?" A few isolated instances of accidents due

few isolated instances of accidents due to improperly designed equipment, faulty installations or gross neglect on the part of the user, colored the entire subject for many homeowners. However, it is doubtful if the percentage of fires or accidents in oil heated homes ever exceeded even in the earliest years of the development, the percentage of similar troubles in coal heated homes. And now, to quote from an article which appeared in the Chicago Evening American on Aug. 14, 1926. "The general public has come to the realization that

Does It Cost More or Less to Heat with Oil?

While the question about the safety of oil burners was disappearing the one concerning cost took its place in the In some instances this difference or ad-vantage has created the erroneous imvantage has created the erroneous impression that oil heat is expensive. We have many letters from Berryman oil system users in our files attesting to the economy of oil as compared to previous experiences with coal. These specific examples are available to any one who still doubts the economy of oil fuel. This difference in cost is likely to increase in favor of oil as the production of coal decreases. minds of the skeptical. But the actual facts show that it costs less to deliver a given amount of heat with oil than to generate the same amount of heat from anthracite coal. It is true that most oil arner users keep their homes at a con-derably higher average temperature

Is Manufacturer's Reliability Important?

Yes, very important to the purchaser of an oil burning system. For regardless of what anybody may tell you every oil burner requires some service. In any mechanical device parts will wear out in time. Oil burners are no exception. The cost of replacements may be negligible. But the big question is whether you will be able to obtain parts or attention for your particular burner of experience or facilities.

And right on this point is where the only disappointments we know of have been caused. We will tell you that there are dozens of good oil burners on the market today. We admit that a number of them are made by thoroughly responsible, successful and, we believe, permanent manufacturers. Your only danger is in selecting a burner made by novices or by groups who have rushed into the field without a proper background of experience or facilities.

Dr. Berryman the Inventor of Domestic Oil Burners

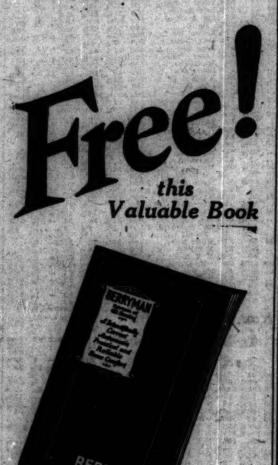

The first oil burner for domestic heating of which there is a record was constructed by Dr. Berryman (now head of the Berryman oil burning system) over 20 years ago. Approximately 10 years ago Dr. Berryman put his invention into practical use in his own home where it is still in service in practically its original form.

The memorial burner for domestic heating and a description of the basic "modus operandi" was right from the start and has admitted of no material improvement. The Berryman was put on the market about 9 years ago and to our knowledge only one other burner preceded it. Today there are thousands of Chicago homes being satisfactorily heated with the Berryman. Service and parts have always been available.

The remarkable thing is that the fundamental principles of the Berryman Oil the public scores of various oil burners burning System have remained identical through the years. Minor improvements and refinements have been available.

Since the Berryman was first offered to the public scores of various oil burners have come and gone. Dozens of their disappointed owners have in their plight called upon un for service and repairs.

Are Oil Burners Here to Stay? Some of them are, beyond a doubt.

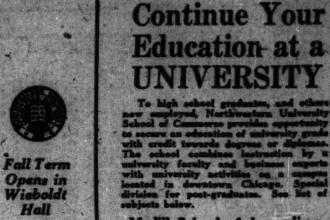

We have prepared for distribution to any one interested in oil burners what is probably the most instruc-tive and informative treatise ever published on the subject. It is a booklet that may save you a costly mistake. It is generously illustrated to show you the latest approved principles of oil burner design, installation and operation. The text is written in a simple, non-technical style that any one can understand.

We suggest that you obtain a copy even though you are now only remotely interested in the subject. A copy will be sent postpaid upon receipt of the coupon below or phone Monroe 4004-4005.

Edward L. Ryerson of Lake t has as her guest her cousin, Van der Horst of Charleston, Alfred H. Granger of Lake For-turned on Thursday after a visit theast Harbor, Me. Mrs. Granger accompanied east by her father mother, Marvin Hughitt and Mar-jackets on "—that is the order heard

frequently this summer by the Fashion chef, The fact of it is that jackets, either those with an individuality of their own or those merged into the personality of an ensemble, are almost as emphatically approved as are the great wide brimmed hats of Milan.

great wide brimmed hats of Milan, hair and leghorn. Mrs. Frank O. Lowden was one of he hostesses at the annual tea given by the Ladies' Welcome club at the housand Islands Yacht club last resk, when 150 summer colonists in an around Alexandria Bay were mests. Miss Helen Rumsey of New fork and Royal C. Vilas of Chicago in the prize in a dancing contest at the prize in a dancing contest at a smaller that offers first a one piece.

sets. Miss Helen Rumsey of New is and Royal C. Vilas of Chicago in the prize in a dancing contest at affair.

The annual flower show of the North Garden club will be held today 2 until 8 o'clock at the Lake Country club. A small fee will tharged for admittance to the estate be open to the public. They died those of Mr. and Mrs. Louis trisen, Glemcoe, Mrs. Samuel Marx. State Louis Kuppenheimer, High-Park; Mrs. M. Born, Glencoe, and Lawrence Stern, Glencoe.

The last but one of the midweek is affaired and collared with the frock's blue and there is a final edge of white crèpe.

Solutions.

Now for the jacket mode.

This one occurs as part of an ensemble that offers first a one piece frock of light blue crèpe de chine. The model has short sieves, four, scalloped tiers and a bodice with narrow belt of self material which is inset instead of applied. The corsage is semi-fitted—almost basquelike in its effect —and is punctuated by a row of tiny self buttons.

Now for the jacket This can be place tiers and a bodice with narrow belt of self material which is inset instead of applied. The corsage is semi-fitted—almost basquelike in its effect —and is punctuated by a row of tiny self buttons.

Now for the jacket This jacket mode.

This one occurs as part of an ensemble that offers first a one piece frock of light blue crèpe de chine. The model has short sieves, four, scalloped tiers and a bodice with narrow belt of self material which is inset instead of applied. The corsage is semi-fitted—almost basquelike in its effect —and is punctuated by a row of tiny self buttons.

Now for the jacket This is of Chi-nese red crèpe and is embroidered in a motif of white and blue. It is bordered, cuffed and collared with the frock's blue and there is a final edge of white crèpe.

ENGAGED 'Twould Seem That Love, if Genuine, Is of Lasting Quality

BY DORIS BLAKE. We are two curious young girls.

and picturesque towns to the beautiful Fox river valley. Then we'll have announced the engagement of their daughter, Elvera, to John of their daughter, Elvera, to John of their daughter, Elvera, to John Fox Baker of Detroit, son of Mrs. Reeve Baker of Oak Park. Miss Woolhing Fox Baker of Oak Park. Miss Woolhing Fox Baker of Oak Park Miss Woolhing Fox Baker of Oak Park. Miss Woolhing Fox Baker of Oak Pa how to bring on an attack of it.

Well, when it strikes, you'll mistake It's just that grand that you wish everybody you knew was in love, too, so they'd know how you feel. It's that devastating and delightful!

Do I think a boy of 19 and a girl of 18 know their own minds? If their minds aren't of the changeable variety, yes! Not all young folks do, to bo sure; not all young minds are steady enough to know what tomorrow will do with today's decisions. That's the mischief of marrying young. I doubt if there are any five years that are as capable of developing an entirely different slant on life and people as those between the ages of 18 and 23, because as a general rule young people go out into the business world about this age, are thrown into different environment, meeting many different vironment, meeting many different en-kinds of people whose influence is felt consciously or unconsciously. If there is any doubt present that one might not know her own mind at 18 it is a safe guess she doesn't.

DORIS BLAKE ANSWERS

They Quarreled.

"Dear Miss Blake: I have been going with a fellow for two years, and I love him dearly. Recently we had a quarrel and haven't paid any attention quarrel and haven't paid any attention to each other. Since our quarrel I have seen him talking to the same girl for about a week. I have also heard he has been out with other girls. Do you think he doesn't love me anymore? Workien." WORRED,"
He hasn't forgotten so quickly, but wants you to see other girls will talk to him even if you refuse, Worried. You'd better patch up your differences,

Town Town of The Party of the P

BY JANE EDDINGTON.

A Raised Brown Bread.

It is sometimes inconvenient to make the truly old-fashioned brown bread direction is for the steaming for four

meal, two cups of corn meal, one teaspoon of salt, one-half cup of compressed yeast. Sift the dry infatuation is time, I should say. When any two young people fall in love they are infatuated. If that infatuation survives a year, two, five, ten or a lifetime you have love. One might stay infatuated a year or two. Beyond that I'm sure the honors would go to love.

What love really is? It might be anything from that "funny feeling" Burns describes, "a dixxiness that wanna let a poor fellow garg about his business" to that God-given emotion a mother has for her child.

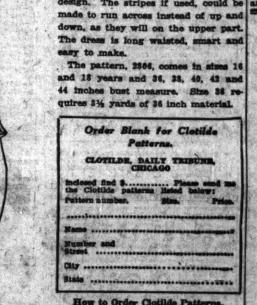

Two cups of corn meal, one teaspoon of salt, one-half cup of consusses, one-half cup of compressed yeast. Sift the dry ingredients, make a well in them, and pour the molasses into it. Mix this that the warm water to a smooth batter, using a little water to soak the yeast it until it swells. It will take about one and one-fourth cups of water in all, or perhaps a yet thinner batter could be made.

Mix this in the morning, put it into the brown bread tims which should have a tight cover, let rise till light, and bake for one and one-fourth hours it to business" to that God-given emotion a mother has for her child.

Two curps of corn meal, one teaspoon of salt, one-half cup of coursel, one-half cup in the dry ingredients, make a well in them, and pour the molasses into it. Mix this that he about one and one-fourth cups of water in all, or perhaps a yet thinner batter could be made.

Mix this in the morning, put it into the brown bread tims which should have a tight cover, let rise till light, and bake for one and one-fourth hours to the brown bread the which should have a tight cover, let rise till light, and between the provided prov

Yellowstone Park for a real vacation

(Low Summer Fares Expire Sept. 10) Discard your cares like so many old clothes and forget the such a thing as worry—in Yellowstone National Park!

Nature provides the entertainment—infinitely varied, marve-ously beautiful, and Entirely Unique. You will find what you're looking for in Yellowstone—rest, education or adver-ture—or all of these! Yellowstone Park is your own mountain playground; claim it this summer.

Wild animals are at home in "The Park". You'll see be roaming about begging for sweets. You'll surprise shy fleet-for deer at a mountain stream. Elk, moose, Rocky Mountain she antelope, buffalo—all are protector. Yellowstone National Park, in there as they did before the National World was ours.

Think of the rainbow p

YOU can afford to Heat with GAS —our new free book proves it

WE HAVE just prepared a new, in-teresting book on house heating with gas. It contains pictures of any Chicago homes, and gives the actual ost of heating each home last winter with gas. In this book you will find at least one home, perhaps several, similar to your own. It doesn't require much imagination to realize the benefits of gas for house heating—the cleanliness even, heatinglish temperature

thes, ecot and fuel storage.

It is possible, however, that you have had a mistaken idea as to the cost of gas for heating. If so, our new book will answer this point conclusively, with sexual facts and figures. Mail the coupon for ittoday—free to Chicago

UNG MAN SODA FOUNTAIN; EXPERI need; neat; refs. req. Oakland 0557. DO YOU WANT

MAKE SOME MONEY? We want men who are employed during the day to join us and learn our methods of doing business. We have helped a lot of men better their conditions and in many instances given them more for their spare hours than they have received at their regular occupations.

We invite you and your

friends to come up Wednesday evening, Aug. 25, at 7:30 p. m., and listen to one of Chicago's well known speakers outline the work to you. Also you will be afforded the chance to meet and talk with other men who have joined us some time ago, and hear directly from them how they made good and what your chances are with us.

Our work is building and selling homes on easy terms. Also the selling of wonderful home sites on very easy terms. Your willingness to

work is all we ask. We will do the rest. DON'T FORGET THE DATE AND TIME. CUT OUT THIS AD.

R. 2106, 184 N. La Salle-st.

A FAIR QUESTION.

What kind of subdivision property is easier to sell: Property with all improvements - sewer, water, gas, electricity, sidewalks, paving, curbs and trees, etc.-or vacant prairie without transportation miles away

from nowhere? You know the answer. Our Devonshire Manor, with all improvements paid for by us, high class restrictions, and splendid transportation, is the easiest selling property in Chicago.

Let us explain the advantages it offers to you as a selling proposition and how it offers you a chance to make big money. No drifters or floaters need apply; only ambitious men ready to work and follow our instructions.

Busses leaving every day at 11 a. m. and 2:30 p. m. will take you out to see our property. Apply KRENN & DATO, INC., 39 S. La Salle-st.,

Main Floor. Exclusive agents for Mrs. Rockefeller McCormick Properties. Main Office: 936 N. Michigan-av. A1 SALESMAN,

Would you like to earn \$150 to \$500 per week? Would you like to drive in your own car? You can do both if you are sincere.

Spend 15 minutes most profitably by calling on HINKAMP & CO., MR. GAINES. 742 Straus Building.

WANTED-HALE HELP.

REAL ESTATE SALESMAN'S DREAM. YOU NOW CAN HAVE

What you have hoped for

ou now can have. Liberal commission. Grand ppening in ten days. Big ewspaper advertising camsaign starting this week. Get in on the leads that will be ready for distribution in a few days. The "Early Birds" will "cash in" big on this subdivision.

Close in property, conven ent and accessible to rapid transportation, cuts sales redstance to a minimum. Street cars pass in front of this property; Rock Island

suburban station 3 blocks rway; Illinois Central just a short distance. This property is within the resent city limits of Chica-

go, which is an added assur-

ance of quick profit and immediate improvement. Western-av. business frontage, the best and fastest selling commodity on the real estate market today. You don't have to demonstrate the future of this street. ANY

ONE can see it. Residential lots actually priced \$1,000 under our competitors selling in the same locality, and this price includes all underground improvements plus sidewalks.

Nearly \$2,000,000 of the finest subdivision property in one piece. You won't have to jump to a new subdivision every thirty days.

HOTEL BUYE

Rudolph Valentino, Who Rose from Gardener's Boy to National Fame, Dies in New York Hospital

ONE OF CHICAGO'S LAST GLIMPSES OF VALEN-TINO. Moving picture star waving adieu to his friends as train carried him on his way to New York.

[Pacific and Atlantic Photo.]

(Story on page 1.)

WITH HIS BROTHER, SISTER-IN-LAW, AND HIS NEPHEW. Left to right: Alberto Guglielmi, Rudolph's brother, who recently returned to Europe; Mrs. Guglielmi; Centaur Pendragón, Rudolph's dog, and Jean Guglielmi, his nephew, in Chicago Feb. 1, 1926. (Story on page 1.)

BODY OF VALENTINO BEING REMOVED FROM HOSPITAL TO FUNERAL CHAPEL. Only a few persons were at the hospital at the time, but a crowd that gradually grew to immense proportions, blocking traffic, joined those who followed the body.

[Wide World Photo.] SHORTLY AFTER HIS SECOND MARRIAGE. Rudolph Valentino and Winifred Hudnut as they appeared in New York in 1923 when he was trying to get rid of title "sheik."

HIS FIRST WIFE Jean

IN ONE OF HIS MOST FAMOUS PICTURES. Rude Valentino in the title role of "Monsieur Beaucaire," in which Bebe Daniels played the part of the heroine.

WHEN RUDY AND HIS SECOND WIFE CHARMED CHICAGO GIRLS. Revenue and Winifred Hudnut dancing the tango at local dance hall. Rudolph is attitude the costume in which he first won fame in "The Four Horsemen."

WHEN HE PLAYED IN THE "SAINTED DEVIL"

ON ROAD TO FAME, As

[Pacific and Atlantic Photo.]

He soon rid himself of this adornment.
